

## Title

*Firstname Lastname (University of XYZ, City Name, Country)*

Text of your abstract. You may make use of commands from the packages `amsmath`, `amsmath`, `amssymb`.

If you need to use references, please do not use "the bibliography" and do not use your `bibtex` file, but make an itemized list as the one below.

If you want to mention your co-authors, please do so at the end of the abstract.

When uploading your abstract during the registration, please rename it as: `N_Lastname_Firstname.tex` (N is a number of session or P for plenary talk or S for semiplenary, eg., `2_Ptak_Marek.tex`, `P_Stochel_Jan.tex`) and send us both a `tex` file and a `pdf` file.

The talk is based on joint work with Co Author.

- [1] Someone: An interesting paper on Operator Theory in  $\mathcal{H}$ , *An Operator and the operator*, 10 (1997), 372–391.
- [2] Someone: *ABC's of Operator Theory*. Publishing House, 2016.
